Message from the Principal:

Dear Parent or Guardian;

Once again we are pleased to present our report card from the state department of education. We have always been blessed with excellent students here at Navajo High School. This year is no exception. Our performance indicators on our end of instruction tests were good again this year. Once again we have no Algebra I or Biology I tests because we traditionally teach those classes in the freshman year and the scores are still reported on the junior high report card. We are in the process of changing our alignment so that biology will soon be reported as a high school class. Our geometry score was the only outcome that listed below the state average and our U. S. History score was just slightly above average. Our students really shined by posting a one hundred percent passage rate in English II, English III and Algebra II.

All-in-all it has been an outstanding year. Navajo High School was designated as a "High Performing School." Thanks to the outstanding performance of our students. We sincerely thank you for trusting us with the education of your students.

Sincerely;

Floyd Roach

Secondary Principal
